Re: Mobil Oil Corporation
Docket No. II RCRA-92-0110

Dear Carl:

Enclosed is a copy of the material we received from S&W tracking Mobil's waste shipments. Hopefully, this documentation meets your requirement that we demonstrate that Mobil's waste was in fact incinerated. As you can see from the volume of documentation, S&W had not yet instituted its computerized tracking list for the time period relevant to EPA's complaint against Mobil.

We are in the process of finalizing our Supplemental Environmental Project proposals. I expect to get it in the mail to you next week.

Thanks for your assistance.

Very truly yours,

Scott W. Clearwater
